In the Original Paper entitled “Functional outcomes of simultaneous anterior cruciate ligament reconstruction and lateral extra-articular tenodesis using an all-suture anchor: a modified mini-open technique” published in March 2025 (Erdmann J, Zabrzyńska M, Pękala P, et al. *Wideochir Inne Tech Maloinwazyjne*. 2025; 20: 76–83. doi:10.20452/wiitm.2025.17938), on page 77, in the first sentence of the Materials and methods section, there was an error in the study period. The sentence “This study was conducted at the Department of Orthopaedic Surgery between March 2023 and November 2024, and was approved by the local bioethics committee (KB 347/2023).” should have read “This study was conducted at the Department of Orthopaedic Surgery between August 2023 and December 2024, and was approved by the local bioethics committee (KB 347/2023).”
